Town of Bradley

Dear Board of Selectpersons:

While many residents are complying nicely with the guidelines for curbside pick up of trash, some issues are reoccurring. Would you please kindly post a reminder of these guidelines for your townspeople?

ALL TRASH must be bagged and tied even if it is in a barrel or tote.

Please do not put out any loose trash even if it is in a barrel or tote.

Please do not put loose trash on top of bagged trash that is in a barrel or tote.

NO BAG can weigh over 40 pounds i.e. if you have a barrel or tote that holds 120 pounds of trash you will need three (3) 40 pound bags.

ALL CARDBOARD will have to be broken down and bundled. No loose cardboard will be taken.

PLEASE DO NOT USE CARDBOARD BOXES for trash containers as rainy days break down the cardboard.

If you have any questions, please contact Elizabeth Sullivan at 948-2658.

Thank you,  
Sullivan's Waste Disposal & Recycling Services, Inc.
